

## CLEATS PRESERVE DECK'S SLEEK APPEARANCE

Cleats are a necessary piece of hardware for any boat. That's why top boatbuilders choose Folding Cleats from Accon Marine. Innovatively designed to preserve a deck's sleek appearance, four sizes are offered to fit a wide range of vessels.

Accon Folding Cleats are manufactured from durable, cast 316 marine grade stainless steel and brightly polished to a high shine. They lock closed in their folded position to reduce line snags and stubbed toes. When needed, they spring open at the touch of a button.

Folding Cleats are available in 3.5", 4.5", 6" and 8" sizes, in either top- or stud-mount styles. Ideal for DIY refit or OEM use, they're fast and easy to install with no cutouts needed. And because they don't require drain tubes or corresponding receptacles, there's no chance of water leaking into the boat. An installation video is at [www.bit.ly/2k96aho](http://www.bit.ly/2k96aho). Accon Marine Folding Cleats start at \$66.15.
