## OVERSIZED BEVERAGES TAMED WITH MEGA DRINK HOLDER

Many boaters use thermal mugs or removable insulating sleeves to keep drinks hot or cold while out on the water, only to find their bulky beverage won't fit in a standard cup holder. The Mega™ Drink Holder from Beckson Marine accommodates a variety of containers with ease, helping keep hydration close at hand.

Crafted from rigid plastic for exceptional durability and easy cleaning, the Beckson GH44 Mega Drink Holder accommodates fountain drinks to 45 oz., cans and bottles with insulating sleeves, and even full-sized wine bottles. A gently concaved bottom with integrated standoffs keeps containers from sticking while allowing any spills or condensation to collect in the well below for easy clean-ups.

Sized to fit a standard 4" hole cut, this drink holder is 3-9/16" deep on the outside for easy installation in locations from cabin to galley to sundeck. The GH44 may be affixed with fasteners, two-sided tape or caulk as desired. It's available in black, additionally in white and beige for a minimum run. With quantity orders, boatbuilders can likewise customize the rim in chrome or woodgrain, or in red, blue, pewter or gold foil.

MSRP for the Beckson GH44 Mega Drink Holder is \$7.70. For nearly any other type of can or bottle, from super size to standard, Beckson offers a wide selection of rigid plastic drink holder models.
