## ELCO PARTNERS TO GIVE AWAY BOAT, MOTOR & TRAILER

Elco, manufacturer of electric inboard and outboard motors, is celebrating its 130th anniversary by partnering with Nautical Ventures, Rocket Trailers and Whaly Boats USA to share the joys of electric boating. At the Fort Lauderdale International Boat Show (FLIBS), one lucky attendee will win a boat, motor and trailer combination in the EcoBoat Sweepstakes. The Fort Lauderdale, Florida, USA event runs October 25-29.

The robust 3.7m Whaly 370 is ideal for use as a tender, lightweight fishing boat or six-passenger picknicker. Powered by an Elco EP-20TL with 10kWh lithium batteries, the 20 hp motor will deliver 176kg of thrust. When not in use, the boat will sit atop a premium aluminum Rocket Trailer. The package has a retail value of \$20,850 USD.

"While we're looking forward to displaying the boat, motor and trailer at the show and talking to people about the benefits of eco-friendly boating, we're especially excited to share the package with a fortunate FLIBS guest," said Dean Heinemann, Elco Motor Yachts general manager. To participate in the sweepstakes, show attendees need only to have their ticket scanned at the sweepstakes display.
