## SUMMER: TIME TO GET RID OF MOLD, MILDEW & STAINS

As summer reaches its peak, outdoor gear exposed to the elements begins to look a little dingy and smell a bit funky. Mold & Mildew Stain Remover from Iosso Products is the fast and easy way to clean and rejuvenate hard and soft surfaces and get them looking new again.

Mold & Mildew Stain Remover doesn't contain bleach or chlorine. The formula cleans boat covers, life jackets, biminis, awnings, camper tops, tents, furniture cushions, carpeting, inflatables and umbrellas without harming the fabrics or altering their colors. Even bird and insect droppings, tree sap, leaf residue, dirt, grease, oil and many food and drink stains are no match for it. Plus, the product is equally as effective on hard surfaces like vinyl, plastic and fiberglass.

Unlike harsh chemical cleaners that pollute the environment if not disposed of correctly, Iosso Mold & Mildew Stain Remover is biodegradable and environmentally friendly. It's gentle on the skin and has no strong vapors.

This concentrate dissolves quickly in water. Easy to use, the product is sponged or sprayed on then rinsed with fresh water.

Iosso Mold & Mildew Stain Remover comes in three convenient sizes: 4 oz. makes 1 gal. and costs \$4.95; 12 oz. makes 3 gals. and is \$15.35; and 65 oz. makes 16 gals. and is \$75.
