FORMULA PROTECTS VINYL, LEATHER & ISINGLASS

Sun, ozone, embedded dirt, sweat and temperature extremes are hard on flexible outdoor materials like vinyl, rubber, leather and isinglass. They become dry and prone to cracking, as well as old-looking due to color fading. Vinyl and Leather Cleaner & Conditioner from Iosso Products helps prevent recreational equipment from aging prematurely. As it cleans, it restores the original suppleness and shine, and provides long-lasting protection in one simple-to-use product.

Vinyl and Leather Cleaner & Conditioner is made in the USA using premium natural oils that clean away tough grime. As it conditions, it provides a light gloss protective barrier. Minor scratches are far less noticeable, especially on clear vinyl windows. The unique formula is ideal for boats, PWC, automobiles, motorcycles and snowmobiles, as well as outdoor accessories and trim. It's equally effective around the home.

Iosso Vinyl and Leather Cleaner & Conditioner is easy to use. Sprayed onto the surface, it's then wiped with a clean microfiber towel or lint-free cloth. Buffing lightly removes contaminants and restores the material's natural glow. A 4 oz. spray bottle costs \$4.95; a 16 oz. spray bottle is \$12.95; and a 1 gal. container is \$65.95.
