A SUNSET, A COUPLE, A BOTTLE OF WINE—AND SEASUCKER

Few things beat watching a sunset from a boat—especially with a drink in hand. SeaSucker helps keep these occasions neat and tidy with its Sunset for Two Set. It includes everything needed for a couple to enjoy a special moment together without cups, bottles and glassware spilling and trash blowing into the water.

The SeaSucker Sunset for Two Set includes a Vertical Mount 2-Cup Holder that mounts almost anywhere. So whether a couple is on the foredeck, dipping toes off the swim platform or waist-deep in a shallow anchorage, their beverages stay where they're supposed to. A pair of Tumbler Cup-Holder Inserts are included to secure everything from the new 10, 20 and 30 oz. sizes of insulated tumblers to odd-shaped glassware.

Even the greenest boater is going to generate trash and recyclables. That's why the Sunset for Two Set comes with Small Waste Band. It secures common grocery and 13 gal. kitchen bags.

Both the Cup Holder and Waste Band mount to any smooth or lightly-textured, non-porous surface. Unlike a common suction cup, powerful 4.5" SeaSucker Vacuum Mounts hold up to 120 lbs. without leaving a mark. And because they install and remove so quickly, it's easy to move them as needed. Engineered to last in a marine environment, they're made in the

USA of UV-stabilized rubber and 316 stainless steel hardware. The SeaSucker Sunset for Two Set costs \$155, a 13% savings over purchasing separately.
