## ONE HANDLE FITS OVER 40 BOAT TOOLS AND ACCESSORIES

When storage space is at a premium, Shurhold's One Handle Does It All system is the ideal solution. With a single handle, boat owners can attach a wide range of tools and accessories that will reduce the number of separate items needed to be stored on board.

The heart of the Shurhold system is the handle. Made in the USA, it's manufactured from high-strength, corrosion-resistant aluminum. Available in fixed and telescoping versions, each has a comfortable rubber no-slip grip.

Fixed Length Handles come in 13", 30", 40" and 60" models. Providing additional reach, the 6' Telescoping handle locks at four intervals between 40" and 72"; the 9' model locks at five positions between 60" and 108". A 30" extension and Curved Adapter are available to fit any Shurhold handle.

Shurhold offers over 40 different attachments for their handles. Each snaps onto and off the end quickly and effortlessly. This makes switching between a deck brush and mop, for example, fast and easy.

Among the cleaning accessories offered are brushes, mops, brooms, swivel scrubbers and squeegees. The boat hook and paddle are essential aboard any boat. For fishermen, Shurhold offers a range of nets and gaffs. And for the ultimate selfie, the camera adapter is unrivaled. A video is at [www.bit.ly/ShurholdSystem](http://www.bit.ly/ShurholdSystem). Shurhold's Fixed Length handles start at \$9.98 and Telescoping models at \$34.98.

Dedicated to educating boat owners, Shurhold provides key tips for boat value preservation at [www.shurhold.com](http://www.shurhold.com). Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
