FORGET THE HOLIDAY STOCKING -- SHURHOLD OFFERS BUCKETS

There are only so many marine-themed knickknacks a boat owner can own. For the holidays, Shurhold introduces the Infographic Bucket. Unlike a common five-gallon pail, it's the World's Best Rope Handle Bucket, but with entertaining and informative graphics embossed on the side.

Made in the USA, the Infographic Bucket is thicker and sturdier than traditional plastic pails. Instead of a wire bail that can rust and scratch gelcoat, its 3/4" braided nylon rope handle is easier to carry and strong enough to haul water up over the side of the boat. Full-color 315° graphics are heat-fused into the exterior for a long service life.

The Infographic Bucket is available in three versions. The Boater Knowledge & Safety Bucket presents boating basics in an easy-to-reference graphic display. The Fishing & Boating Knots Bucket highlights a variety of terminal, loop and line-to-line knots. The Florida Fishing Regulations Bucket helps anglers to ID their catch and stay within regulations. Each variety is \$27.98.

Dedicated to educating boat owners, Shurhold provides key tips for boat value preservation at www.shurhold.com. Inventor of the One-Handle-Does-It-All-System, Shurhold is the leading manufacturer of premium detailing supplies that help clean, polish and protect vessels.
